

Website report to National Executive meeting 10 September 2011.

Please accept my apologies for not attending NEC meetings personally. As I still work full time and Saturday is one of my normal working days, it is impossible for me to attend. Once I have these work commitments out of the way, I will be able to take a more active part in Association affairs.

As you can see from the table below, visitors to the website remain at a quite high level. The September 2011 figures are only up to the 5th of the month. The site has had 1.2 million hits during the last twelve months. This shows quite conclusively, that people are viewing our site and it is not just our own members who are doing so.

I continue to get very positive feedback from the people I speak to and it would appear that we are, by and large, giving our members a positive and useful service.
